ACTIVITY – November 2021

NATURE TRIPS:

GAMES AND PICNIC

„AL. I. CUZA” SECONDARY SCHOOL

BRAILA, ROMANIA

PREPARATIONS

BUILDING BIRDHOUSES

Students from “AL. I. CUZA” School gathered in front of the school.

Then we set off on the trip in nature.

They visited “**THE NATURE SCIENCE MUSEUM**”.

The students hung the birdhouses in the trees.

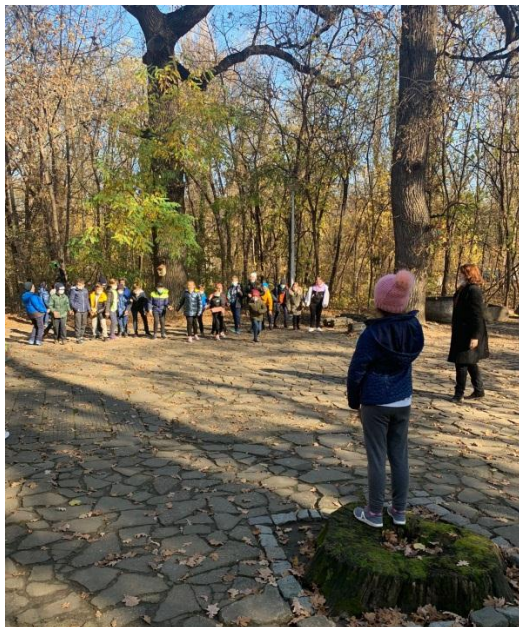

Then, they played different games:

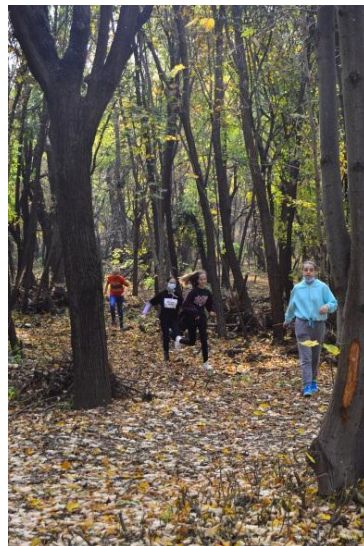

THE BLIND OLD WOMAN

SQUID GAME

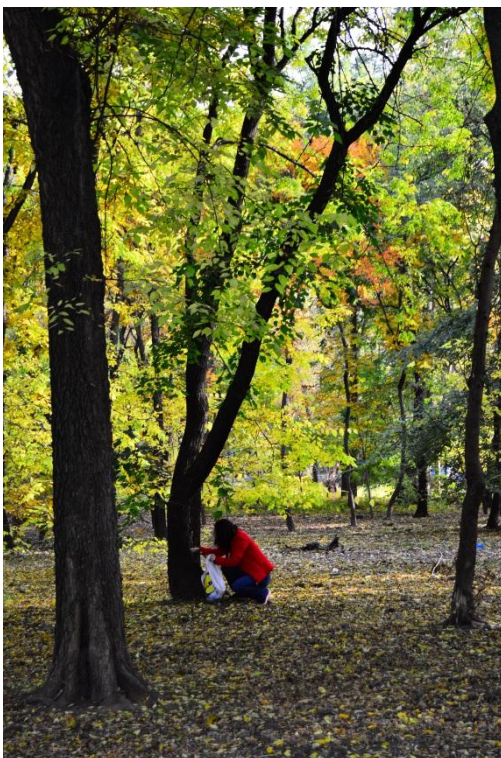

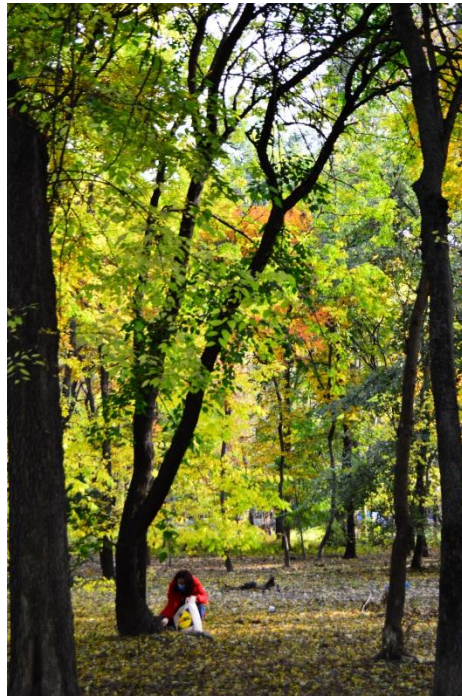

HIDE AND SEEK

TREASURE HUNT

The teacher hid some sweets in the forest.

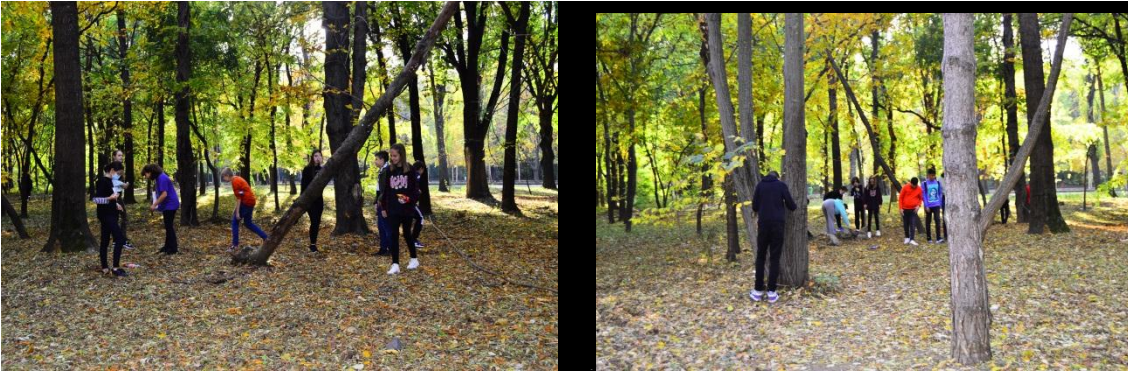

The students were divided into 3 teams.

The race started.

They looked for the treasure.

The winning team was the one who managed to find the most sweets.

In turns, the students rolled the ball to win sweets.

After so much playing, the children got hungry. It was the perfect time for a **picnic**. Luckily, the students' parents had prepared sandwiches and delicious treats.

The feedback from the participating children and their parents was positive.
